ABOUT CHALLENGE

Introducing HackerEarth Code Monk. The problems will be based on the basics of computer science concepts. Every week, we will release the tutorials, on which the Code Monk challenge will be based on. A week after the release of the tutorial, the Code Monk challenge will be conducted.

The aim is simple - learn the concepts, and put them to use. Do this repeatedly, and you will be well on your way to becoming a master computer programmer!

Also, top 3 newbie winners to get HackerEarth T-shirts in each Code Monk challenge!

Topic covered in this week's Code monk are as the following:

- 1) <https://www.hackerearth.com/practice/data-structures/hash-tables/basics-of-hash-tables/tutorial/>

GUIDELINES

1. Before you attempt programming questions, you should choose a language from the given list.
2. All inputs for the programming problems are from STDIN and output to STDOUT....
